Client's Challenges	<ul style="list-style-type: none"> Unavailability of technical writers to do the documentation. 		
Project Completed	<p>WIL had manufactured a heavy engineering equipment. Technowrites helped them in documenting this equipment.</p> <p>Scope included:</p> <ul style="list-style-type: none"> Preparing the user guide. Studying the equipment and procuring information required for preparing the user guide. Brainstorming within the team to understand the client's requirement. Attending meetings with the client. 		
Project Duration	3 months	Project Location	Pune
Tools Used	<ul style="list-style-type: none"> MS Word and Adobe Acrobat 		
Solution Offered	<ul style="list-style-type: none"> Technowrites offered Walchandnagar two writers. Documentation and review was done in Technowrites office. 		
Project Highlights	<ul style="list-style-type: none"> After preparing the user guide of this equipment, WIL approached Technowrites to document the user guide of another product. 		
Challenges	<ul style="list-style-type: none"> Since the actual equipment and its working was not demonstrated by client, challenge was to study the engineering drawings and prepare the user guide. We also had to manipulate graphic objects from brochures to write about the product.
